

# ANNIE-NESHREEN IBRAHIM

Software Engineer | UI/UX Designer | Graphic Designer | CSC Professional

Iligan City, Northern Mindanao, Philippines

annie.business04@gmail.com | LinkedIn: annie-neshreen-dev | GitHub: hannie404

---

## EDUCATION

---

### Bachelor of Science in Information Technology

Mindanao State University - Iligan Institute of Technology

### Senior High School Graduate

Mindanao State University - Marawi

### Elementary - High School

Ibn Siena Integrated School Foundation

---

## PROFESSIONAL EXPERIENCE

---

### Full-stack Developer - Karmabunny Web Design

Sept 2024 - Oct 2025

- Spearheaded the development of responsive frontend solutions using modern frameworks (e.g., React, Vue, Angular) and established design systems, significantly improving user engagement.
- Optimized web applications for performance and user experience (UX), resulting in measurable improvements in load times and perceived speed.
- Engineered backend and frontend integrations, specifically reducing spam emails by implementing an optimized form handling solution.
- Developed and maintained sophisticated web applications for quantitative analysis and data visualization, enabling data-driven decision-making for clients.
- Seamlessly integrated complex algorithms by collaborating directly with data science teams, enhancing product functionality.
- Delivered client websites using diverse CMS platforms including Webflow, Craft CMS, and WordPress, ensuring ease of content management and timely deployment.

### Software Developer - Proudcloud Inc.

June 2023 - July 2024

- Programmed and shipped multiple AI-powered projects, demonstrating proficiency in cutting-edge technologies and machine learning integration.
- Developed robust backends using diverse tech stacks, including Ruby on Rails and TypeScript, supporting high-availability web and mobile projects.
- Leveraged Cloud platforms (GCP and AWS), specifically utilizing Firebase (GCP) and Amplify (AWS), to deploy and scale applications efficiently.
- Collaborated closely with US-based clients and design teams to implement pixel-perfect, highly-optimized user interfaces for web and mobile applications.

### Software Engineer - WT Migremo Systems Inc.

April 2022 - May 2023

- Designed and built a comprehensive shipping website by integrating multiple 3rd-party APIs (FedEx, UPS, Purolator), streamlining the client's logistics operations.
- Developed mobile applications using React Native and Flutter Dart.
- Served as a Supervisor, mentoring junior developers and OJTs, improving team output and knowledge transfer.
- Pioneered revenue-generating projects by developing prototypes independently and presenting them to stakeholders, successfully securing company investment.
- Managed client meetings with customers primarily from Western countries, ensuring project alignment and successful delivery.

### Software Engineer - SparkSoft Solutions, Inc.

February 2021 - February 2022

- Managed and integrated diverse data streams from multiple external APIs, ensuring seamless data flow and high system availability.
- Developed and deployed an intuitive admin dashboard that streamlined data management processes for the Government management system.
- Spearheaded the design and development of diverse online course modules for an educational platform, expanding the system's core offerings.
- Enhanced system performance and user experience by delivering optimized software solutions across various government management system modules.

## TECHNICAL SKILLS

---

### Programming Languages:

JavaScript, TypeScript, PHP, Python, C/C++, Dart, Java

### Frontend Technologies:

React.js, Next.js, Vue, Svelte, React Native, Flutter

### Backend Technologies:

Node.js, Express.js, Laravel, Java Spring

### Databases:

MySQL, PostgreSQL, MongoDB, Firebase, Supabase, GraphQL

### Design & CMS:

Webflow, Framer, Craft CMS, WordPress, Figma

### Tools & Platforms:

AWS, Docker, Git, GitLab, Visual Studio, Vercel, Linux

### Emerging Technologies:

Blockchain Development, Smart Contracts

### UI/UX & Styling:

HTML5, CSS, Tailwind CSS, Bootstrap5, Responsive Design

## CORE COMPETENCIES & CERTIFICATIONS

---

- Full-Stack Development
- UI/UX Design & Graphic Design
- Problem Solving & Critical Thinking
- Team Collaboration

### Professional Certifications:

- CSC Professional Eligibility

Server Administration

- Entrepreneurship
- Time Management
- Innovation-Driven Development
